CONTENTS

Vol. 76, No. 1, February 25, 1962

PAGE

Iwai, E., Okuda, J. and **Ishitoya, T.** Factors Determining the Degree of Visual Deficit Following Ablation of the Inferotemporal Neocortex 1

Kimura, S. and **Aoki, T.** Functional Activity of the Apocrine Sweat Gland in the Goat 8

Kudo, Z. An Aggravation of Folic Acid Deficiency by An Administration of VitaminB_{12} upon Children with Nutritional Dystrophy 23

Abe, T. Aggravation of Folic Acid Deficiency by VitaminB_{12} Administration on Children with Nutritional Dystrophy; From View-point of Nuclear Shift of Neutrophils 34

Suzuki, M., Akiyama, S. and **Fukushima, M.** Ovarian Transplantation for the Treatment of Gonadal Anomalies 53

Suzuki, M., Endo, K., Sasaki, A. and **Fukushima, M.** The New Treatment for Impaired Uterine Function 63

Mitsuki, K. Histologische und histochemische Untersuchungen über das Leichenwachs 74

Suzuki, M., Takahashi, K., Hirano, M. and **Shindo, K.** The Mechanism of Secretion of Sex-Steroids and the Effect of Gonadotropin on the Sex-Steroids Production 89

Yosizawa, Z. and **Sato, T.** Hydrazinolysis of Simple Polysaccharides .. 100

Vol. 76, No. 2, March 25, 1962

Akazaki, K. A Concept of Reticuloendothelial System 107

Senda, N. The Phagocytosis of Leucocytes 119

Ushiba, D. Phagocytosis of Bacteria and Their Intracellular Multiplication in Experimental Typhoid 133

Tanaka, H. Electron Microscopic Studies on the Mechanism of Vital Stain, as Compared with That of Phagocytosis 144

Kojima, M. and **Imai, Y.** Mechanism of Phagocytosis of the Reticuloendothelial Cells 161

Seno, S., Awai, M., Kobayashi, J., Ose, S. and **Kimoto, T.** The Reticulo-endothelial System (RES), Its Function in Phagocytosis and Iron Metabolism 179

Wada, T., Goto, A., Fukushima, Y., Shimizu, T. and **Ohya, T.**

EEG-Wave Metamorphosis Available for Clinical Electroencephalography: A Preliminary Report 189
Fukuchi, S., Shioji, R. and **Abe, S.** Antihypertensive Effect of Spironolactone (SC-9420) on Experimental Renal Hypertension 195
Yoshikawa, K. Advocation of Insulin Reaction Test as the Screening for Hypoglycemia 204

Vol. 76, No. 3, April 25, 1962

Kuroyanagi, T. Effect of Estrogen on Cholesterol Transport Mechanism in Cholesterol-fed Chick 215
Takahashi, E. On the Geographic Distribution of Death Rates from Vascular Lesions Affecting the Central Nervous System in the United States—An Epidemiological Hypothesis 224
Hashimoto, K., Igarashi, T., Saigusa, M., Uei, I. and **Hasegawa, T.** The Effects of the Yeast Cytochrome C on the Temporal Occlusion of Coronary Arteries 233
Abe, T. The Activity of Estradiol-17 β Dehydrogenase in the Target Organs to Sex Hormones 241
Suzuki, M., Takahashi, K., Abe, T., Tabuchi, I. and **Yamada, K.** Studies on the Diagnosis of Dysfunction in the Hypothalamus-hypophysis-ovary-uterus System 251
Suzuki, M., Ichijo, M., Okuda, Y., Shohara, S., Abe, T. and **Ujiie, Y.** Mechanism of Action of Sex Hormones to their Target Organs 267
Sudo, Y. Acute Renal Failure: Histometrical and Experimental Investigations of Factors Causing Oliguria 278
Tada., K. and **Watanabe, Y.** Anemia of Premature Infant: The Glucose-6-phosphate Dehydrogenase Activity in Erythrocytes of Cord Blood from Premature and Full-term Infants 307
Sato, T., Ishida, N., Itoh, C., Wada, Y. and **Yoshinaga, K.** Studies on the Metabolism of Catecholamines in Pheochromocytoma 313

Vol. 76, No. 4, May 25, 1962

Kamo, M. Effect of Various Choline Esters upon the Secretion Rate of Adrenaline and Noradrenaline of the Adrenal Gland 319
Endo, S. A Mineralogical Investigation of Gall Stone 326
Okuda, J. Subcortical Structures Controlling Lateral Geniculate Transmission 350
Fukuchi, S. Contents of Adrenocortical Hormones in Adrenal Tissues in Various Endocrine Disorders 365
Shibata, S. On the Adipose Tissue in Visceroptosis 374

Furuyama, M. Histometrical Investigations of Arteries in Reference to Arterial Hypertension 388

Kwang-Do Koh. Serum 5-Nucleotidase in Various Gastrointestinal Diseases: A Preliminary Study 415
